With the service included in your home insurance or your shops insurance you can solve your computer problems. It's that easy.

Have a question about your smartphone or a problem with your computer?
Our IT Support service is here to solve them.

We don't only protect your home or business. With your insurance you'll also have solutions for your computer equipment at no extra cost.

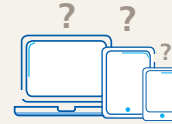

The IT Support Service is provided by Actualize S.L. for home insurance or shops insurance customers. Terms and conditions of use at asistenciainformatica.zurich.es. Zurich reserves the right to change or cancel the service agreed with Actualize S.L. Services subject to the applicable terms and conditions viewable on Actualize S.L.'s website. This leaflet has no contractual value.

IT Support service at no additional cost in your insurance

Here are just some examples of what this service includes:

- **SUPPORT**

If you have a problem with your computer, tablet or smartphone, we'll solve it online, by phone or in your home.

- **ANTIVIRUS**

If you want to protect your online transactions, with the Bitdefender antivirus you'll be secure.

If you're worried whether the content your children see is appropriate, you can monitor their online activity with our parent watch service

If your smartphone is stolen or you lose it, you can remotely locate it and block it if necessary.

- **BACKUP**

If you want to make sure your information is safe, with our backup service it will be fully protected.

- **DATA RECOVERY**

If your hard drive crashes and you lose all your information, you can recover the damaged data.

- **HALPP APP**

If you have any questions about your tablet or smartphone, with the Halpp app you can get them answered at any time.

- **TECHNOLOGY HANDYMAN**

If you need to set up or connect your new TV or your Wi-Fi network, an engineer will come to your home to do it for you.

- **CHECKING AND FINE-TUNING**

If your computers aren't working that well, you can automatically evaluate the problem and solve it with the help of an engineer.

- **ERASING DIGITAL IDENTITY**

If you have information online you want to delete, specialist engineers and lawyers will help you to do it.
